

FIBRE OPTIC CABLE

## WATERPROOF CABLE

### PRODUCT SPECIFICATIONS

Linxcom's Fibre Optic waterproof cable are widely used in data transmission network.

They are manufactured with strong jacket and waterproof sealed.

### APPLICATIONS

- Horizontal wiring in LAN
- Data communication
- Outdoor Application

### FEATURES

- 4-24 Core
- Waterproof

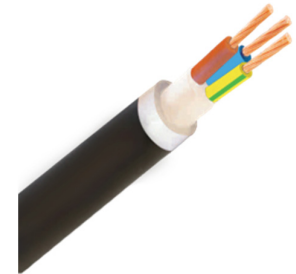

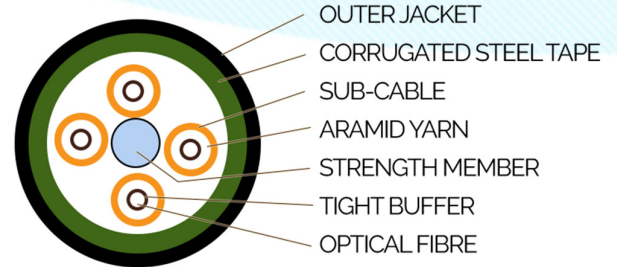

### BENEFITS

- Flame Retardant
- Durable and High Quality

### JACKET SPECIFICATIONS

Material	LSZH
Colour	Black
Outer Diameter	1.5±0.2mm
Rip Cord	--
Tensile Strength	Short 1000 Long 500
Crush Resistance	300 N/10cm 1000 N/10cm
Bending Radius	Dynamic 20D Static 10D

## PRE-TERM BREAKOUT

### CONSTRUCTION SPECIFICATIONS

Fibre Count	2-4
Sub Unit Diameter	3.0±0.1mm
Strength Member Diameter	1.0mm
Approx. Cable Weight	110 kg/km
Strength Member	Steel Wire

### ENVIRONMENTAL SPECIFICATIONS

Operation (°C)	-20~+70
Installation (°C)	-20~+70

### ORDERING INFORMATION

Part Number	P4FCAFOS2BOW20	Preterm 4C FC/APC Fan-Out OS2 Breakout Waterproof 20m LSZH
