

FIBRE OPTIC TOOLS & TEST EQUIPMENT

IPA WIPES

PRODUCT SPECIFICATIONS

Linxcom IPA Wipes for general cleaning applications. These wipes are made from a tough non-woven engineering wipe technique, impregnated with quick evaporating IPA (Isopropyl Alcohol) for the removal of grease, grime and marking inks from all metal surfaces.

Each pack contains 50 (152mm x 152mm) non-woven wipes impregnated with sufficient safe chemical for even the toughest tasks.

For Professional & Industrial use only.

TECHNICAL SPECIFICATIONS

Quantity	50pcs per pack.
